Subject: FW: Treasure Island Clean-up

Hi, FYI, there is an inquiry from a community member (indicate "district representative") re: Treasure Island. We typically refer these inquiries back to DTSC as they are the regulatory lead, and it's not an NPL Site.

Subject: RE: Treasure Island Clean-up

Dear Ms. Lopez,

Thank you for your message. I am not the contact for Treasure Island. The State Department of Toxic Substances Control (DTSC) is the lead on that site, so I am cc'ing Nina Bacey, who is the DTSC's Remedial Project Manager for Treasure Island. I am also cc'ing Nadia Hollan Burke, who is the USEPA contact for that site. They will be able to help you more than I can.

Sincerely,
Lily

Subject: Treasure Island Clean-up

Hi Lily,

Just checking in after a series of articles on clean-up efforts at Hunter's Point, would like to engage the EPA on Treasure Island clean-up, since it is within the district we represent. Could we make a time to discuss? Should we be concerned for our residents?

Sincerely,

Barbara Lopez
